

MIH series

13 SEER

MAIN FEATURES:

- High performance compressor for improved energy efficiency
- Lanced aluminum fins and rifled copper tubing to enhance heat exchange
- Galvanized steel cabinet to protect inside coil
- Gray color powder paint to resist corrosion
- Unique design of the fan blade and top panel to reduce vibration
- Factory installed in-line filter for longer life span
- Factory installed TXV to improve efficiency and reliability
- Easy access service valve
- Factory charged with R-22 for 25 ft
- Certified in accordance with ARI 210/240 standards
- UL listed for electrical safety
- 10 year limited warranty

45

split systems heat pump

1 1/2 THROUGH 5 TONS SPLIT SYSTEM 208/230 VOLT, 1 PHASE, 60HZ
